EXAMINER'S AMENDMENT AND ALLOWANCE

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jay M. Finkelstein (Reg. No. 21,082) on August 4, 2004.

The application has been amended as follows:

Please cancel claims 2 and 14.

Allowable Subject Matter

- 2. Claims 1, 3-13, and 15-23 are allowed and are re-numbered to 1-21.
- 3. The following is an examiner's statement of reasons for allowance:

The instant invention defines a method/computer readable medium for processing an initial (or a single) image of coronary arteries as disclosed in independent claims 1, 10, 13, and 22-23. The claimed invention distinguishes over the prior art by the manner in which a function z(x,y) bounding a heart surface within the initial (single) image is obtained and the intensity function I' based upon the function z is calculated. The claimed combination allows for improving a method/ computer readable medium for processing an initial (or a single) image of coronary arteries, the initial (single) image given by an intensity function I(x,y) defined on a set of pixels (x,y), so as to produce a processed image of the coronary arteries having an intensity function I'(x,y). Processing an image of coronary arteries is conventional. However, the prior

Art Unit: 2621

Page 4

art of record fails to teach the obtaining a function z(x,y) bounding a heart surface within the image and calculating the intensity function based upon the function z, wherein the function z(x,y) describes an ellipsoidal surface over the image. These elements in combination with all of the other elements of the claims are not taught or fairly suggested in the prior art of record. The dependent claims 3-9, 11-13, and 15-21 are allowed for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
